Response to Amendment

1. This action is in response to Applicants' amendment received on July 23, 2004.

Election/Restrictions

2. Claims 11-13, 17, 19 and 24 are generic to a plurality of disclosed patentably distinct species comprising:

Species I: claims 11-17 and 19-21, 24, illustrated in figure 2 and drawn to a handle having a safety element arranged in an elastic element.

Species II: claims 11-17 and 19-25, illustrated in figures 3 & 4 and drawn to a handle having a safety element reinforced by sleeves.

Species III: claims 11-13, 17-19 and 24, illustrated in figure 6 and drawn to a handle having a safety element formed around an elastic element.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversable.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention(s).
